The Farm Loan Act

The Co-operative Banking Machinery Establishing The Farm Loan Bill

Only farmers or prospective farmers who wish to borrow money may join the national farm loan associa-tions provided under the Federal farm loan act. It takes ten or more to make up one of these associations. If a farmer wishes to borrow he should find out if such an association has been formed in his community. If it has, he should make application to the secretary-treasurer for mem-bership. If no association has been formed, he should attempt to get ten or more farmers who wish to borrow to meet for the purpose of organiz-

The process of organization is very simple. One of the members should write to the Federal Farm Loan Board, Washington, D. C., for blank articles of association. When they have been received, a meeting of the prospective borrowers should be called and these articles of association should be adopted, signed and acknowledged by each member. Each member will indicate the amount he wishes to borrow and the value and description of the land he wishes to use as security.

This association elects five or more

directors, and these directors then elect a president, a vice president, a secretary-treasurer and a loan com-

mittee of three members.

This is as far as the association can go until after the Federal Land Bank of that district is established. Then upon application, the Federal Land Bank will furnish the local association with a blank application for charter, which should be filled out and filed with the Federal Land Bank, along with the articles of association.

These documents should be accom-

panied by a written, unanimous re-port of the loan committee placing a valuation on the lands of each of the whole system, drains your energy and gets worse if neglected; your throat is raw, your chest aches and you feel sore all over. Relive that cold at once

No one farmer may borrow more than \$10,000 nor less than \$100. No national farm loan association may start with less than \$20,000 of loans.

Each member joining the local association must buy stock in the association equal to 5 per cent. of the amount he borrows. If he borrows \$1,000 he will get \$950 in cash and a certificate of stock for \$50. Or he may make his loan \$1,050, and thus have a net loan of \$1,000 taking as long a time to repay the \$50 invested. Leaves Here March 1st

But War Has Not Yet Been Declared

Between U. S. and Germany-The Latest Information

Germany Thursday asked Ambassador Gerard, who is still in Berlin, to reaffirm treaties of 1799 and 1828 which protect merchants of Germany and the United States in the event of declaration of war. Mr. Gerard referred the German officials to the Spanish or Swiss intermediaries. There has been no denial from Germany that the United States ambassador is being held until Germany can satisfy herself that Count von Bern-

The announcement has been made by the State Department on the authority of President Wilson that in case of war between the United States and a foreign power the government will under no circumstances take possession of the property of the sub-jects of such foreign nation "to which international understandings and the recognized law of the land give it no just claim or title."

SUCCESS OF A NEW REMEDY FOR BACKACHE, KIDNEYS, RHEUMATISM.

Dear Mr. Editor—I suffered for years with backache. Last March I tried "Anuric" and have used this new kidney medicine recently discovered by Dr. Pierce, and it was wonderful the way it eased the pain and gave me relief in such a short time. I have tried several medicines, but "Anuric" is the only one that gave satisfaction, I feel it my duty to recommend "Anuric Tablets" to any one who suffers as I did.

(Signed) MRS. MARGARET E. SNIDER.

Note: Folks in town and adjoining counties are delighted with the results they have obtained by using "ANURIC," the newest discovery of Dr. Pierce, who is head of the INVALIDS' HOTEL and SURGICAL INSTITUTE, in Buffalo, N. Y. Those who started the day with a backache, stiff legs, arms and muscles, and an aching head (worn out before the day began because they were in and out of bed half a dozen times at night) are appreciating the perfect rest, comfort and new strength they obtained from Dr. Pierce's Anuric Tablets. To prove that this is a certain uric acid solvent and conquers headache, kidney and bladder diseases and rheumatism, if you've never used the "Anuric," cut Pierce for a large sample package. This will prove to you that "Anuric" is thirty-seven times more active than lithia in eliminating uric acid—and the most perfect kidney and bladder corrector. If you are a sufferer, go to your rector. If you are a sufferer, go to your best druggist and ask for a 50-cent box of "Anuric." You run no risk for Dr. Pierce's good name stands behind this wonderful new discovery as it has for the past half century for his "Golden Medical Discovery," a general tonic made from roots with pure glycerine which makes the blood pure, his "Favorite Prescription" for weak women and "Pleasant Pellets" for liver ills.

A Clean Slate - that's all-

They were a couple of fine old Southerners -you could tell that at a glance. They were talking about tobacco.

"Down South here, we judge a man by his family, don't we? If he is a gentleman. we take his measure in a minute, don't we? And, that's all we want to know, isn't it?"

"Say, friend," one said, "judge this cigarette the same way. He is a SOVEREIGN —that means he has blood and breeding—

comes from the finest family—and has heaps and heaps of good friends here in the South.

"He is made of the choicest and sweetest and mellowest of Virginia and Carolina tobacco; he is raised like a true Southern gentleman-in a fine, clean, healthful home. Let us all stick to him SOVEREIGN— King of them all."

And this all must be true, men, because

You Folks of the South KNOW good blood! You Folks of the South KNOW good tobacco!

That's why everybody likes me-why the men of the South are smoking me by the millions every day. My! it's fine to be so popular-to have so many friends. And, then here's something more to think about:-

Sloan's Liniment Eases Pain

Sloan's Liniment is first thought of mothers for bumps, bruises and sprains that are continually happening to children. It quickly penetrates and soothes without rubbing. Cleaner and more effective than mussy plasters or ointments. For rheumatic aches, neuralgia pain and that grippy soreness after colds, Sloan's Lini-ment gives prompt relief. Have a bottle handy for bruises, strains, sprains and all external pain. For the thousands whose work calls them outdoors, the pains and aches following exposure are relieved by Sloan's Lin-iment. Shrivels, Loosens—and It's Gone!

"Just like taking the lid off—that's how easy you can lift a corn off your toe after it has been treated with the wonderful discovery, 'Gets-It.'" Hunt the wide world over and you'll find nothing so magic, simple and easy as "Gets-It." You folks who

have wrapped your toes in bandages to look like bundles, who have used salves that turned your toes raw and sore, and used plasters that would shift from their place and never "get" the corn, and who have dug and picked at your corns with knives and scissors and perhaps made them bleed—just quit these old and painful ways and try "Gets-It" just once. You put 2 or 3 drops on, and it dries at once. There's nothing to stick. You can put your shoe and stocking right on again. The pain is all gone. Then the corn dies a painless, shriveling death, it loosens from your toe, and off it comes. "Gets-It" is the biggest selling corn remedy in the world today. There's none other as good.
